Features : * Hundreds of exciting levels with challenging rids! * Unique game goals and dozens of entertaining obstacles! * Incredible cinematic plot full of rids! * Huge selection of customizable interiors to customize the hotel! * Possibility to start your own club and break the competition! Казуальные Казуальные Казуальные Казуальные Казуальные Казуальные years of development, while other genres died, match-3 has always grown and gained a lot of popularity. This has confirmed the location of the entire franchise before everyone. Every day there are still many match-3 titles that players can experience, and one recently released game, Hotel Blast, has attracted attention. Despite being a long-term franchise, match-3 and still attracting a lot of players to the game. And this game is the most obvious evidence to prove it. Plot men like Bejeweled are very famous names around the world with undeniable success. But since it doesn't have a story, many people think that match-3 doesn't necessarily have a story. But this game has added a story for players to learn. Hotel Blast is a hotel built in 1970 that has quickly gained popularity thanks to what it brings to visitors. But just seven years after the operation, the hotel owner mysteriously disappeared, causing the hotel to close. But then in 2018, you read an article about the sale of this hotel. So you've decided to buy it to start a new life here and open a new page for life. So you quickly book a flight to the coastal city of Miami to start repairing the hotel. But there are still many mysteries around this hotel that make many people scared when they come here, such as the disappearance of the first owner. Are you afraid of it or not? Want to find exciting things around the story of the game? Renovated hotel This hotel was abandoned from 1977 to 2018, making it in an ancient and inaccessible apartment. So if a player wants to start a business, you have to fix it. But this is not easy as the hotel is too big so it takes a lot of time. Players have to do everything themselves, such as changing furniture, fixing cracks and many other things. In this way, the player is forced to help the hotel open its doors one more time. But the player doesn't do this alone, but Get help from a friend, Oliver. Oliver used to work at this hotel, so he knows what it takes to be successful. With Oliver's help, there's no doubt you can get the job done quickly. Finishing work with match-3 When a player wants to do something like fix or change something, you need to complete a match-2 game. At the end of the game, the player gets the key. This game is different from classic match-3 games, which are only two or more, can break blocks in the game. The second thing is that players just have to touch them with their hands, not have to move them. This style of play makes the game simpler, but it is still very difficult to finish the game. Players need to know the requirements of the game in order to complete it. Only when a player has finished everything the game requires can it win the game. The number of contacts of players is limited; If a player skips this number and still can't finish the game, you lose. If a player finishes before the limit, the balance is converted to points that help the player with a higher score. Different models When a player repairs or changes something, there is no default to force the player to use it. The game has many different styles and designs that players can choose from. For example, on the walls of the house, the player can paint them in many different colors, such as blue, or add many other details. This makes the game more versatile, and players can create a hotel in their style. Each has three different options for players to make decisions. You are now ready to download Hotel Blast for free. Now we're going to prove it to you. Enjoy hundreds of challenging levelsAdd an important part of Hotel Blast gameplay is match-3 puzzles. However, there are some differences here. Cubes do not need to be moved to make rows of three, four, or more stones. Just tap the screen when you see several stones of the same color nearby and progress through the game plot. The part involved in solving puzzles is traditional. Tasks are to destroy the specified components in the required transport volume. Sometimes it may also be necessary to pour aquariums or destroy TVs by blowing up a row next to them. There are over 100 missions at stake. Try yourself as a designer, equip your hotel When you have access to the hotel, there's a lot to do in your diary. In addition, each of them requires a certain number of keys. If you want to clean the room, you have to pay for the key. If you need to buy furniture or equipment for the hotel - one more key. You always have access to four indoor and outdoor design options. Three of them are completely free, the fourth, brightest and most colorful, usually costs a few coins. Use your imagination to create your own future hotel project. The game gives you the opportunity to implement a truly unique variation. Check out a great story with unexpected momentsHotel Blast begins with your introduction to headwaiter. He wrote you a letter saying you inherited the hotel from your longtime ancestors, now you have to put it in order. Headwaiter Oliver is not the only character in the game. You will meet other characters directly related to the hotel. The story opens systematically and through character dialogues. Plus, the game is starting to take you along with a fascinating plot with a place for both interesting rids and ghostly secrets in a once beautiful hotel. Immerse yourself in a simple and addictive game Hotel Blast's make-up is very simple: we need to take certain steps, such as repairing the reception desk or installing a new fireplace. Each of these actions requires one or more keys that you can get by performing tasks from ri riles. Such tasks are standard match-3 levels. After you receive the key, you can use it to perform the action. There is a choice of one of several options, which gives way to imagination. In general, gameplay is intuitive from the first few minutes onwards and should not cause you any difficulties. Graphics and SoundHotel Blast has three-dimensional graphics, a nice interface and a beautifully detailed setting. neglected hotel amazes with the quality of décor and luxury. You can turn it into a real palace. In addition, during the successful operation of each game, you can hear pleasant sound effects, which makes it even more fun to play. Mod Description We bring your information to the mod's unlimited coins and keys. Use it to buy boosters match-3 puzzles, as well as the most beautiful interior items. Thanks to the endless keys, you can complete all the hotel improvement efforts without interruption, as you no longer have to play minigames to get the keys. Mod Testing We have tested Hotel Blast for our esteemed users. Based on the test results, we can confirm the correct and safe operation of the mod with unlimited money and keys. The essence is as follows: when you use money or keys, the amount of money in your account just increases. Boosters can help you complete tasks. First of all, a player can take a rocket or bomb that has already been placed on the field at the beginning. You can get such missiles yourself, find places where the same blocks accumulate - from five to six pieces each. The more blocks, the more efficient I intensified. However, you cannot get other boosters in this way. For example, you can use a vacuum cleaner that extracts blocks of the selected color. The missile box turns all cubes of the chosen color into a rocket that explodes instantly. The broom only deletes the selected block. You can get such boosters to perform special tasks or buy coins. To complete every level of Hotel Blast, you will get keys and stars. Their number depends on how many moves you managed to complete the task. The fewer moves you needed, the more stars you get. Unused steps allow you to install additional boosters on the field at the end of the phase to explode and get an extra star. The player gets the chance to open the gold cabinet after collecting 25 stars. Our SummaryHotel Blast has versatile gameplay, an interesting storyline, well-developed meth that includes puzzle and quest aspects, as well as excellent colorful graphics. It is one of those projects where players can spend several days. How to install Hotel Blast Mod? We did everything we could to facilitate the download process for every visitor to our website.
